Conditions of Confinement

Spokane County Juvenile Court Staff and Community members conducted the first, and we have also conducted the most, secured Detention audit/reviews in WA State since 2004.

CONFINEMENT - MAXIMUM SECURITY

The Detention Facility has 39 single cells where juveniles are held after arrest, while awaiting trial or when serving up to a 30 day sentence. Juveniles are in a structured setting, and are given CBT skills daily to encourage positive change in their lives. Educational School District 101 operates the Detention School.
