| | ~~NE-01-10 *To Be Owned By Spokane County~~ | ~~Antoine Peak ("Phase 4")~~ | ~~18~~ | ~~240~~ | ~~0 Letters~~ | ~~Would make an excellent addition to Antoine Peak Conservation Area.~~ | **Withdrawn** |
| **1** | **SE-06-10 *To Be Owned By Spokane County** | **Mica Peak** | **22** | **920** | **5 Letters** | This property is within the Liberty Lake watershed and would benefit water quality. This looks like a wonderful property! Could connect with other County properties in the eastern part of the County. | |
| **2** | **SW-01-10 *To Be Owned By Spokane County** | **Williams Lake** | **2** | **15** | **3 Letters** | This is a view one has to experience to believe! It's affordable to save. Can be used as recreational and educational site. | |
| | ~~NE-05-10 *To Be Owned By Spokane County~~ | ~~Peone Prairie~~ | ~~16~~ | ~~20~~ | ~~17 Letters~~ | ~~This site could futher protect the Peone Prairie wetland and would be an excellent addition to Feryn Conservation Area. Great educational site with nice view of wetlands.~~ | **Withdrawn** |
| **3** | **NW-05-10 *To Be Owned By Spokane County** | **Indian Bluff** | **7** | **204** | **8 Letters** | A beautiful site that benefits the community, wildlife, and all of nature. Spectacular City views and easy to walk. There are ponds and an amazing variety of wildflowers. | |
| **4** | **CITY-04-10 *To Be Owned By City of Spokane** | **Beacon Hill** | **26** | **30** | **9 Letters** | This parcel of land must be preserved for future generations. There is already a trail network being used by hundreds of people each year. Volunteers already maintain the trail system. Proximity to existing parks and the City. | |
| **5** | **CITY-02-10** | **Beacon Hill** | **27** | **30** | **9 Letters** | This parcel of land must be preserved for future generations. There is already a trail network being used by hundreds of people each year. Volunteers already maintain the trail system. Proximity to existing parks and the City. | |
| **6** | **CITY-03-10** | **Beacon Hill** | **28** | **40** | **9 Letters** | This parcel of land must be preserved for future generations. There is already a trail network being used by hundreds of people each year. Volunteers already maintain the trail system. Proximity to existing parks and the City. | |
| **7** | **SE-07-10** | **Moran Prairie** | **23** | **122** | **2 Letters** | This large section of property situated in an urban setting. No beautiful tracts this close to the City. Wildlife abounds. | |

|---|---|---|---|---|---|---|
| **8** | **NE-02-10** | **Little Deep Creek** | **14** | **218** | **20 Letters** | In area that is rapidly being subdivided. Property well taken care of by current owner. Wildlife abounds. |
| **9** | **NW-02-10** | **Deer Park** | **13** | **400** | **4 Letters** | This area presents a wonderful opportunity to protect the wildlife that use the area for all seasons and preserve established non-motorized multi use trails. This area has potential to connect the city of Deer Park and surrounding areas to the proposed trail north/south along the Little Spokane River. |
| **10** | **NE-03-10** | **Fancher** | **36** | **74.3** | **13 Letters** | This parcel is important as part of the wildlife corridor and should be preserved. Used by many people who walk the many trails and enjoy the wildlife. We have seen elk, moose, deer, turkey, etc. |
| 11 | NW-04-10 | Little Deep Creek | 12 | 57 | 0 Letters | Would make an excellent addition to the Little Spokane River trail system. Close to schools. |
| 12 | CITY-09-10 | Beacon Hill | 35 | 40 | 9 Letters | This parcel of land must be preserved for future generations. There is already a trail network being used by hundreds of people each year. Volunteers already maintain the trail system. Proximity to existing parks and the City. |
| 13 | CITY-01-10 | Beacon Hill | 34 | 76.75 | 9 Letters | This parcel of land must be preserved for future generations. There is already a trail network being used by hundreds of people each year. Volunteers already maintain the trail system. Proximity to existing parks and the City. |
| 14 | SE-05-10 | Liberty Lake | 19 | 138 | 0 Letters | The nomination plays an important role in maintaining water quality because of its location within the contributing headwaters of Liberty Lake. In addition, the nomination would be removing the 138 acres from disturbance from its native condition (logging, development, etc.) which could negatively impact the watershed of Liberty Lake. |
| 15 | NE-04-10 | Forker Road | 17 | 170 | 3 Letters | Property would be good for hiking, cross country skiing, and other activities. It has a small creek, which attracts a variety of wildlife. |
| 16 | NW-01-10 | Crab Creek | 1 | 249.7 | 4 Letters | This property is located near the headwater of Crab Creek, which, if protected would benefit the watershed. There are several year-round ponds that attract elk and other wildlife. |
| 17 | CITY-05-10 | Beacon Hill | 31 | 15 | 9 Letters | This parcel of land must be preserved for future generations. There is already a trail network being used by hundreds of people each year. Volunteers already maintain the trail system. Proximity to existing parks and the City. |
| 18 | CITY-08-10 | Beacon Hill | 32 | 15 | 9 Letters | This parcel of land must be preserved for future generations. There is already a trail network being used by hundreds of people each year. Volunteers already maintain the trail system. Proximity to existing parks and the City. |
| 19 | NE-06-10 | Peone Prairie | 15 | 10 | 2 Letters | This property would preserve wetlands and being an excellent educational and bird watching site. |

|---|---|---|---|---|---|---|
| 20 | CITY-10-10 | Beacon Hill | 30 | 16 | 9 Letters | This parcel of land must be preserved for future generations. There is already a trail network being used by hundreds of people each year. Volunteers already maintain the trail system. Proximity to existing parks and the City. |
| 21 | CITY-07-10 | Beacon Hill | 33 | 5 | 9 Letters | This parcel of land must be preserved for future generations. There is already a trail network being used by hundreds of people each year. Volunteers already maintain the trail system. Proximity to existing parks and the City. |
| 22 | CITY-06-10 | Beacon Hill | 29 | 12.62 | 9 Letters | This parcel of land must be preserved for future generations. There is already a trail network being used by hundreds of people each year. Volunteers already maintain the trail system. Proximity to existing parks and the City. |
| 23 | SE-04-10 | Liberty Lake | 20 | 22.1 | 19 Letters | This fragile hillside is home to wild life, esthetically beautiful and the only natural open space within the city of Liberty Lake boundaries. |
| 24 | CITY-13-10 | Indian Trail | 9 | 14 | 6 Letters | This site is also a vital link to preserving a wildlife corridor that currently exists here. Because of the small spring on this parcel, wildlife and especially birds, are attracted. This is a beautiful area. It is an excellent hiking area with the likelihood of seeing wildlife. You feel like you are miles away from the city, yet it is barely 10 minutes away. |
| 25 | CITY-15-10 | Trolley Trail | 4 | 10.1 | 3 Letters | What more beautiful of a place could you offer a park improvement and restore a part of Spokane County History. The trolley trail is a beautiful walking trail and the park area in the middle makes it a amazing place to enjoy nature at its finest with friends and family. |
| 26 | CITY-14-10 | Latah Valley | 5 | 14 | 6 Letters | I believe this site is a particularly important area to protect for future use by people and for critical habitat for animals |
| 27 | CITY-16-10 | Trolley Trail | 3 | 1 | 3 Letters | What more beautiful of a place could you offer a park improvement and restore a part of Spokane County History. The trolley trail is a beautiful walking trail and the park area in the middle makes it a amazing place to enjoy nature at its finest with friends and family. |
| 28 | CITY-12-10 | Five Mile | 10 | 0.5 | 1 Letter | It is absolutely beautiful, and the view is fantastic. I would love to have it preserved as a public view point that I can continue to visit. |

|---|---|---|---|---|---|---|---|
| 29 | NW-06-10 | Sunset Highway | 6 | 91 | 0 Letters | This land off of HWY 2 and Sunset HWY is a great choice for the Spokane County Parks. Its year round access to the public is great, there is a great mix of wildlife, it is a rare piece of property in that it is a large tract of land so close to downtown in an area that is and will be the fastest developing for the next 20 years. | |
| | ~~CITY-11-10~~ | ~~Centennial Trail~~ | ~~11~~ | ~~6~~ | ~~2 Letters~~ | ~~I would love to see a nice continuation of the Centennial Trail throughout its entire length. This area will also provid great river and city views as well as be a great feature for the people who will live/work in the new Kendall Yard devlopment. Have the conditions of approval for the Kendall Yards project been closely reviewed? I thought they were required to put that part of the trail in as part of the project.~~ | **Withdrawn** |
