Errata

Volume II, Appendices

With inclusion of the changes listed below, the Draft Volume II of the Spokane County Wastewater Facilities Plan Amendment should be considered final.

Appendix A – Near-Field Dissolved Oxygen Study at Green Street (Rebecca Street) Outfall Location

- In the February 8, 2002, Technical Memorandum, “Assessment of Dissolved Oxygen Impact from Proposed Wastewater Discharge”:
 - Replace the term “BOD” wherever found with the term “CBOD”.
 - Replace the term “BOD₅” wherever found with the term “CBOD₅”.
- In the October 8, 2001, Technical Memorandum, “Draft Modeling of Dissolved Oxygen in the Spokane River in Response to Effluent from the Proposed Spokane County WWTP”:
 - In Table 2, replace the term “BOD₅” with the term “CBOD₅”.
 - On Page 7, in the last bulleted item, replace the term “BOD” with “CBOD”.
- In the January 2, 2002, Technical Memorandum, “Modeling of Dissolved Oxygen in the Spokane River in Response to Effluent from Inland Empire Paper and the Proposed Spokane County WWTP”:
 - In Table 2, replace the term “BOD₅” with the term “CBOD₅”.
 - In Table 3, replace the term “BOD₅” with the term “CBOD₅”.

Appendix B – Near-Field Dissolved Oxygen Study at Hamilton Street (Springfield Avenue) Outfall Location

- In the September 9, 2002, Technical Memorandum, “Modeling of Dissolved Oxygen in the Spokane River in Response to Effluent from the Proposed Spokane County WWTP Near Hamilton Street”:
 - In Table 2, replace the term “BOD₅” with the term “CBOD₅”.
 - On Page 7, in the second bulleted item, replace the term “BOD” with “CBOD”.
