Welcome: Gerry Bozarth, CEM

Current Issues:

1. Applying for a FY 2022 Hazardous Materials Emergency Preparedness (HMEP) to update our Spokane Co. Commodity Flow Study. Application due: March 21st.
2. Discussion on upcoming Horizontal Directional Drilling set to accelerate in Spokane Co. in 2022. Avista has serious concerns regarding the Sub-Contractors who may take shortcuts and not do the proper work to ensure they are being as safe as possible while avoiding gas lines. How can the LEPC weigh-in on this issue to insure the contractors realize the importance and liability that comes with supervising Sub-Contractors.
