Business

Chair Chief Metzger.

Members please share your update on last month's assignments:

- Request weigh-station data from WSP on truck deficiencies and citations given that may affect public safety due to hazmat. Gabe with WSP is checking on data availability and what they can provide to the LEPC.
- A proposed Rail Staging area in Spangle may become part of the Commodity Flow Study's concern once more information is received from a letter being sent to the land owner.
- The committee is contacting Spokane Regional Transportation Council (SRTC) to see how their processes, procedures, and data can assist and coordinate with the Subcommittee. Likely Gerry and Chair will meet with them prior to the next Subcommittee meeting and LEPC meeting.
 - Mike Ulrich from SRTC has been invited. Unknown if he'll be able to make the meeting.
