### Call to Order

### Public Comment

**PUBLIC MEETING:** Spokane County is proposing to amend the Spokane County Public Participation Guidelines to better reflect virtual/digital capabilities for more flexible commenting. On February 24, 2022, the Spokane County Planning Commission conducted a workshop to present an overview of the proposal, discuss the changes, and to take public input.

**WORKSHOP:** According to the Revised Code of Washington section 36.70A, local jurisdictions may process individual comprehensive plan amendments once a year. During the processing of the previous several comprehensive plan amendment review cycles, Spokane County has seen a trend of Comprehensive Plan Amendment requests and inquiries for the conversion of Light Industrial comprehensive plan and zoning designations to an urban residential category. The area with the most frequent of these requests is the Thorpe-West Plains UGA-JPA lying south of Interstate-90 and designated the Light Industrial category. To further explore this theme, the Spokane County Planning Commission will evaluate those areas south of Interstate-90, within the UGA, and designated Light Industrial by the Spokane County Comprehensive Plan and Zoning Code and discuss if those areas should be further studied for more appropriate designations.
