## Project Activity Report

From Issued Date: 09/18/2017 Thru 09/24/2017

Rpt Code:

Valuation:

Use: RESIDENCE ADDITION - SHOP/STUDIO/STORAGE - For future reference the BFE for this addition is 1947.3 ft. NAVD88 datum (note the BFE for the house would be a bit higher than that). We have lowered the flood protection elevation requirement for HVAC, electrical and plumbing to 2 ft. above HAG as this is minimum required to insure reasonable safe from flooding per SCC 3.20.340 (1) (c). Grade of existing residence is relative high spot compared to adjacent properties and this is just a non-substantial improvement with no significant risk to public health and safety, limited flood damage potential and will not alter flood flows.

### Permit #: EN-17-1084
