# Spokane County Supportive Living Program (SLP)

Program Hours: Monday through Friday, 8:00 a.m. to 5:00 p.m.

---

## WHO IS ELIGIBLE?

Any person, 18 years and older, with an emotional disorder or psychiatric illness, who has a Regional Support Network (RSN) contracted provider.

Supportive Living Specialists schedule appointments with consumers and RSN Providers between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, or by appointment for evening times.

These appointments are generally held in the individual's home, institution, or other community settings.

## WHAT IS THE PROGRAM?

We provide Independent Living Skills training to mentally ill adults. The consumer and the specialist establish goals to be accomplished in a timely manner. A variety of services individualized and tailored to the consumer and their needs are provided, such as housing references, maintenance, and development, money management, entitlements, menu planning and preparation, and advocacy. These goals will be reviewed and evaluated for continued SLP services.

Additional services are provided by The Community Integration Program (CIP). CIP offers weekly activities, including small and large events for recreation, socialization, and successful re-integration into the community.

## REFERRAL PROCESS

Referrals to the Supportive Living Program are made by RSN contracted providers. The referral agency completes Behavioral Health Options (BHO) SLP Referral Request, Intake Assessment, Crisis Plan, a copy of current medications, current Treatment Plan, and Specialist Consultation.
