When it comes to hiring a company to spray or cut your weeds, always contact at least 3 companies for a bid – prices will vary!

These companies are on this list at their request. They have provided the Noxious Weed Board with the necessary documents to verify that they are licensed and insured and authorized to work in Washington State.

Companies are listed with the understanding that no discrimination is intended and no endorsement is implied. Being on the list does not constitute a guarantee or warranty of work performance or weed control methods.

For information about noxious weeds and their control,
please call our office or visit our website at:
