SPOKANE VALLEY

www.spokanevalley.org/covid19

On Monday, March 16, City Manager Mark Calhoun signed a proclamation of emergency/disaster which enables the city to utilize additional resources and tools to slow the spread of the Coronavirus (COVID-19). The proclamation will allow the city to exercise emergency powers during the COVID-19 outbreak to preserve and maintain the health, safety and welfare of its citizens, and seek federal financial assistance to support resources that may be utilized in an effort to restrict the spread of the virus.

In addition, the city has an emergency response plan for situations such as infectious disease. The city is taking steps to educate employees about the disease and ensure that protocols are being followed in regard to good hand and respiratory hygiene, and proper cleaning of city buildings. In addition, the city will work with the Spokane Regional Health District to implement procedures to reduce employees' or visitors' exposure to COVID-19, such as social distancing.

morning of Thursday, March 19, we are implementing basic health screening at a single point of entry to our facility. In conjunction with Unify Community Health, ALL agency staff and visitors to the Northeast Community Center will be subjected to a brief non-invasive health screening prior to entering the facility. You will be asked basic health and recent travel questions and your temperature will be taken. If you are exhibiting signs and symptoms of illness you may be denied entry or referred for further testing. The Zone - will work to supply children and families with meals, food, toiletries & safe places.

ENERGY AND RENT ASSISTANCE

Moratorium on Evictions (Spokane)

The city of Spokane expanded its emergency order to include a moratorium on evictions and foreclosures. The Spokane moratorium halts all notices to terminate and all evictions and foreclosures and stops late fees for April rent. It applies to both commercial and residential evictions. It also provides an exception for notices to terminate for the safety of residents in the building. This order fills the gaps left in the statewide moratorium on evictions.

MOSES LAKE SCHOOL DISTRICT:

The district said food service plans are in progress to have a neighborhood meal program for breakfast and lunch, but no further specifics have been shared.

COEUR D'ALENE SCHOOL DISTRICT:

Breakfast and lunch meal pickup will begin Wednesday, March 18, at select locations throughout the district. More details are expected soon.

MOSCOW SCHOOL DISTRICT:

Students in the Moscow School District are on spring break from March 16 – 20. However, the schools will be closed through April 6. In a letter to district families, Superintendent Gregory Bailey says the district is working to make lunch available to students once spring break is over. More information is expected closer to the end of spring break.

Additionally, the Mad Greek restaurant is offering free lunches for kids for the next three weeks. Those lunch meals include a slice of pizza or a cup of soup. Meal pickup is available from 2 – 4 p.m. Monday through Thursday. More information is available here.

LEWISTON SCHOOL DISTRICT:

Meal pickup will be available from March 16 – 20 at Jennifer Jr. High and Sacajawea Jr. High for any Lewiston School District students and members of their household 18 years and younger from 11 a.m. until 1 p.m. Family members older than 18 will be able to purchase meals from the schools. More information is available here.

Meals will be offered Monday through Friday. It is a federal meal program requirement that students must be present to pick up a meal. Our goal is to expand these sites next week.

Learning at home: We have assembled a thorough collection of resources -- schedule ideas, sample daily plans and learning at home guides -- for families to use during the school closure as they see fit. These are available at spokaneschools.org/LearningAtHomeResources. Structure and routine are strong elements to reducing anxiety, but we recognize that nothing about this is routine. In the coming days teachers will be connecting with students and parents, answering questions, sharing materials, clarifying directions, and assisting with access to digital resources.

Volunteering: If you or your organization would like to support SPS students, families or staff by donating resources or time, please call the SPS Office of Family and Engagement at 509-354-7882.

Graduation requirements: The Class of 2020 has access to the Expedited Appeals Waiver which allows students to waive the current assessment graduation requirement to pass both the ELA and Math Smarter Balanced Assessment. Future guidance will be provided by the state regarding making up instructional days with regard to credits needed for graduation.

Testing: The state superintendent's office (OSPI) has canceled all state testing for the 2019-20 school year.

End of school: At this time, OSPI will grant emergency waivers to allow districts to end the school year on Friday, June 19, at the latest.

Stay healthy! Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose,

coughing, or sneezing. Avoid close contact with people who are sick. Put distance between yourself and other people.

CHILD CARE & YOUTH CENTERS

Express child care is closed Tuesday, March 17 through Friday, March 20, so we ask our Express families to please make alternate arrangements for that time. Based on the governor's request, our initial child care plan will prioritize child care support for children of first responders and medical workers. We will have an update on Wednesday, March 18, regarding our ability to provide child care to existing Express families.

With business reduced, restaurants that already operate on tight margins are struggling. Employees hours are reduced, and in some cases, establishments are closing their doors altogether.

Both in hotels and restaurants, the massive drop in business will mean that our people will have their hours cut and wages plummet with no way to make up that money. Most live financially day to day or week to week and have no safety net.

Volunteers are vital to Catholic Charities' work in the community, and we so value your contributions. During this situation we could use your help and assistance in other ways:

FRIENDLY CHAT PROGRAM:

This new communication program will allow us to reach out to seniors who have been asked to shelter in place due to their underlying health conditions. Staff and volunteers will make daily phone calls to seniors to ensure they have food, supplies and know that someone cares about them! If you are interested in assisting us with this endeavor, please email us at volunteer@cceasternwa.org for more information.

SHOPPING ANGELS: We created a volunteer program to shop for a bag of basic need, essential items for seniors who are unable to leave their home. Please check our website to find more about how you can assist with this program.

Greater Spokane County Meals On Wheels 924-6976

gscmealsonwheels.org

Continues to deliver to homes throughout the county and that includes the City of Spokane.

We are prepared to continue delivery throughout any shelter orders, even if that shifts from daily hot delivery to once a week delivery of 7 frozen meals.

Seniors over the age of 60 should be able to reach out to us if they have need. The meals operate on a suggested contribution of \$5 per meal, but that is just a suggestion. Seniors can pay whatever they can, even if that is nothing at all. We will continue to deliver regardless of inability to contribute. Seniors on Medicaid waiver programs such as Copes and TSOA used to have to trade care hours for home delivered meals. However, that had been waived by Medicaid and they can now get home delivery with no reduction in care hours.

We are currently exploring emergency funds to hire displaced restaurant workers and ramp up production in our commercial kitchen.

Closed as of March 17th until it is deemed safe for senior social gatherings to resume. We are working with our Senior Center members to coordinate care and sustenance of mind and body during this time. Delivering warm meals to our Senior Center members and also allowing them to pick-up to go meal boxes between 11:30-12:30 from our location. We will remain in constant communication with them to assure they are healthy and not in need of any extra resources. Also creating Gift Boxes for senior to pass the time taking donations of puzzles, large print reading materials, word search puzzles, activity books, knitting supplies, crossword puzzles, soap, hand sanitizer, and special touches like blankets, socks, and pillows. With many in our community in either quarantine or limiting social interactions we are in need of volunteers willing to visit the homes of our seniors. If you are available and interested please contact Patricia at (509)862-6367 or patricia.robinson@mowspokane.org.

TRANSPORTATION

Spokane Transit Authority

is implementing new rules to keep community members safe during the COVID-19 pandemic.

Susan Meyer, chief executive officer of Spokane Transit, signed an emergency proclamation on Tuesday which highlights additional measures the agency is taking to slow the spread of the virus.

Starting Thursday, STA will no longer be collecting fares from passengers in an effort to reduce interactions between riders and drivers.

STA said it will also require passengers to use the bus's rear doors only when boarding. Those who need mobility assistance will still be allowed to board through the front door.

Spokane Transit will also start offering rides specifically for passengers 60 and older who need help getting to essential places like work, grocery stores, and pharmacies.

Trips for seniors can be booked with up to two hours advance notice, and are based on van operator availability. Riders will be required to show their proof of age before boarding.

According to STA, senior riders may be accompanied by one companion.

To schedule a trip, you can call a Paratransit Reservationist at 509-328-1552.
