WHEREAS, the development shall be hereinafter referred to as the "Project", and each owner shall receive fee or equitable title to an individual lot (with the right and obligation to construct a dwelling thereon) and a membership in the Jesse's Bluff Homeowners Association, which shall have certain administrative and maintenance responsibilities in the Project, and

WHEREAS, Declarant intends by this document to impose upon the Property mutually beneficial restrictions under a general plan of improvement for the benefit of all the said lots and the owners thereof.

All of the limitations, covenants, conditions, restrictions, and easements shall constitute covenants which shall run with the land and shall be perpetually binding upon Declarant and its successors-in-interest and assigns, and all parties having or acquiring any rights, title, or interest in or to any part of the Property or the Project.

ARTICLE 2 DESCRIPTION OF PROJECT, DIVISION OF PROPERTY, AND CREATION OF PROPERTY RIGHTS AND OBLIGATIONS

2.1 Description of Project. The Project consists of the underlying Property with the residential dwellings and all other improvements and systems located or to be located thereon, regardless of the ownership thereof, as described in Exhibit "A".

2.2 Division of Property. The Property and its management responsibility are hereby divided as follows:

2.2.1 Lots and Dwelling. Each of the lots as separately shown, numbered and designated on the Subdivision Plat shall be conveyed to and owned by an individual purchaser or purchasers, subject to the requirements and restrictions set forth in this Declaration. Each owner shall have the right and obligation

- to construct a Dwelling on his Lot, subject to the restrictions set forth in Article 9
- below. The Owner of each Lot, by virtue of such ownership, shall automatically become a member in the Association.

2.2.2 Streets. Certain streets, including cul-de-sacs, within the Project have been dedicated to Spokane County, by virtue of the Subdivision Plat. Such streets shall be maintained and repaired by Spokane County.

2.2.3 Common Property. The Common Property known as Tracts A, B, and 10 foot planting strip along Five Mile Road of Jesse's Bluff, Phase I, within the project shall be owned in equal undivided interests by the Common Property owners of all the Jesse's Bluff Lots. As the Owner of an undivided interest, each Common Property Owner shall have the right to an easement of use and enjoyment in and to the Common Property. Each Common Property Owner shall be responsible for an equal share of the cost of taxes, claims, managing, maintaining, repairing, improving and insuring the Common Property, which management, maintenance, repair, improvements and insurance shall be provided for according to the majority vote of the Common Property Owners (voting being conducted on a one vote per Lot basis). Such obligation shall be a lien on each such Lot, foreclosable as a mortgage in favor of each other Common Property Owner. The fractional undivided common interest appurtenant to each Lot owned by the Common Property Owner is declared to be permanent in character and cannot be altered without the consent of all Owners affected (and the consent of any mortgages affected), as expressed in a recorded

instrument. Such common interest cannot be separated from the Lot to which it is appurtenant. The Homeowners Association shall have the responsibility for the operation, management or repair of the Common Property.

2.4 Storm Water Disposal System. The Project shall be serviced by a storm water disposal system consisting of the street gutter lines, concrete curbs and curb drops, grassed percolation and storm water retention areas, and drywells. All components of the storm water disposal system shall be constructed and maintained in compliance with the standards of the City of Spokane. Jesse's Bluff Homeowners Association shall be responsible for the proper maintenance of grassed percolation and storm water retention areas. "Proper Maintenance" shall mean maintaining the area with a live cover of regularly cut grass, maintaining the required size, shape and bottom elevation as depicted in approved plans on file with the Spokane County Engineering Department and maintaining clear all attendant curb drops. Spokane County shall have the right to monitor the operations and maintenance of the storm water disposal system. If, in the opinion of the City of Spokane the Homeowners Association is unable to properly maintain the storm water disposal system, the City of Spokane and/or its agent shall have the right to perform such operation and maintenance as required. All costs incurred by Spokane County and/or its agent shall be reimbursed by the Homeowners Association. In order for the Spokane County to perform in this capacity, it shall have the right of ingress and egress over all easements set aside for storm water disposal.

2.3 Annexation of Additional Parcels. Additional Parcels may be annexed to the Property and become subject to this Declaration by either of the following methods:

2.3.1 Annexation Pursuant to Plan. The Property described in Exhibit B, or any portion thereof, may be annexed to and become a part of the Project, subject to this and subject to the jurisdiction of the Association, without the assent of the Association or its Members, on condition that:

2.3.1.1 Any annexation pursuant to this Subparagraph shall be made prior to seven (7) years from the date of recordation of this Declaration or of the Declaration of Annexation for any Phase of the Project.

2.3.1.2 A Declaration of Annexation shall be recorded by Declarant and by the owner of the annexed parcel, (if other than Declarant) covering the applicable portion of the property to be annexed. Said Declaration shall incorporate this Declaration by reference and may contain such complementary additions and modifications of the covenants and restrictions contained in this Declaration as may be necessary to reflect the different character, if any, of the added property.

2.3.2 Annexation Pursuant to Approval. Upon the vote or written assent of

Declarant (while Declarant is an owner) and of two-thirds (2/3) of the total votes residing in Members of the Association other than Declarant, the Owner of any property who desires to add it to the scheme of the Declaration and to subject it to the jurisdiction of the Association, may record a Declaration of Annexation in the manner described in the preceding Subparagraph.

Upon annexation of a new phase, pursuant to either Paragraph 2.3.1 or 2.3.2, the annexed parcel shall become subject to this Declaration without the necessity of amending individual sections hereof. The Owners of the Lots in a new phase will automatically become Members of the Association, and shall be entitled to all applicable benefits and subject to all applicable responsibilities associated with membership. Declarant hereby reserves to itself, its successors and assigns, the right to, and agrees that it will, grant to the Owners of Lots in any new or pre-existing phase, such nonexclusive easements as may be necessary to the completion of the development of a new phase and the annexation thereof into the Project in accordance with the intent of this Declaration; provided, however, that any easements of ingress and egress shall be limited to dedicated streets within the Project and to areas owned or maintained by Declarant or the Association.

ARTICLE 3

ASSOCIATION, ADMINISTRATION, MEMBERSHIP AND VOTING RIGHTS

3.1 Association to Manage Project. The owners of all the Lots covenant and agree that the administration of the Project shall be in accordance with the provisions of this Declaration, the Articles, and the Bylaws of the Association, subject to the standards set forth in this Declaration and all applicable laws, regulations and ordinances of any governmental or quasi-governmental body or agency having jurisdiction over the Project. Notwithstanding the generality of the foregoing, the primary function of the Association shall be the enforcement of the restrictions set forth in the Declaration, the maintenance and landscaping areas and easements as set forth in the Subdivision Plat, and the maintenance of 208 storm water ponds as described in 2.2.4.

3.2 Membership. The Owner of a lot shall automatically upon becoming an Owner, be a Member of the Association, and shall remain a Member thereof until such time as his ownership ceases for any reason, at which time his membership in the Association shall automatically cease. Membership shall be in accordance with the Article and the Bylaws of the Association.

3.3 Transferred Membership. Membership in the Association shall not be transferred, pledged, or alienated in any way, except upon the transfer of ownership of the Lot to which it is appurtenant, and then only to the new Owner. Any attempt to make a prohibited transfer is void. In the event the Owner of any Lot should fail or refuse to transfer the membership registered in his name to the purchaser of his lot, the Association shall have the right to record the transfer upon its books and thereupon the old membership outstanding in the name of the seller shall be null and void.

3.4 Classes of Membership. The Association shall have two (2) classes of voting membership established according to the following provisions.

3.4.1 Class A Membership. Class A Membership shall be that held by each Owner of a Lot other than Declarant, and each Class A Member shall be entitled to one (1) vote for each lot owned. If a Lot is owned by more than one (1) person, each such person shall be a Member of the Association but there shall be not more than one vote for each Lot.

3.4.2 Class B Membership. Class B Membership shall be that held by Declarant (or its successors-in-interest) who shall be entitled to three (3) votes for each Lot owned by Declarant; provided that Class B Membership shall be converted to Class A Membership and shall forever cease to exist on the occurrence of whichever of the following is first in time.

3.4.1 When the total outstanding votes held Class A Members (all phases) equals the total outstanding votes (tripled as above) held by the Class B Member (all phases). Once Class B Membership is converted it shall forever cease to exist regardless of the annexation of additional phases within the Project; or

3.4.2.2 On the seventh anniversary of the recordation of this Declaration.

3.5 Voting Requirement. Except where otherwise expressly provided in this Declaration, the Articles or the Bylaws, any action by the Association which must have the approval of the Association Membership before being undertaken shall require the vote or written assent of the prescribed percentage of the total voting power (both classes) of the Association.

3.6 Commencement of Voting Rights. Voting rights attributable to any Lot in a phase other than the first phase, shall not vest until that Lot has been sold by Declarant. Once vested that Lot shall also be subject to assessment obligation to the Association pursuant to Article 4 below.

3.7 Membership Meetings. Regular and special meetings of Members of the Association shall be held with the frequency, at the time and place, and in accordance with the provisions of the Bylaws of the Association.

3.8 Board of Directors. The affairs of the Association shall be managed by a Board of Directors which shall be established and which shall conduct regular and special meetings according to the provisions of the Bylaws of the Association.

ARTICLE 4 MAINTENACE AND ASSESSMENTS

4.1 Creations of the Lien and Personal Obligation of Assessments. The Declarant for each Lot owned within the Project hereby covenants and each Owner of any Lot by acceptance of a deed or contract therefore, whether or not it shall be so expressed in such deed or contract, is deemed to covenant and agree to pay to the Association (1) regular assessments or charges, and (2) special assessments for capital improvements and unexpected expenses, such assessments to be established and collected as provided herein and in the Bylaws of the Association. The regular and special assessments, together with interest, costs, and actual attorneys' fees, shall be a charge and a continuing lien upon the Lot against which each assessment is made, the lien to become effective upon levy of the assessment. Each such assessment, together with interest, costs, and actual attorneys' fees shall also be the personal obligation of the person who was the Owner of such Lot at the time when the assessment fell due. No Owner of a Lot may exempt himself from liability for his contribution toward the common expenses by waiver of the use or enjoyment of any part of the Project or by the abandonment of the Lot.

4.2 Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the Project, and shall include (as part of the regular periodic assessments) an adequate reserve for maintenance, repairs and replacement of those areas and facilities owned and managed by the Association, and which must be replaced on a periodic basis. Specifically, and without limiting the generality of the foregoing, the assessments shall be used to cover expenses of administering the Association, of enforcing the covenants, conditions and restrictions of the Declaration, of providing for the insurance for the Association, and of providing for the maintenance of landscaped and 208 areas of the Project.

4.3 Regular Assessments. Until the first day of the fiscal year immediately following the closing of the sale of the first Lot in the Project, the regular annual assessment per Lot shall be such amount as is set forth in the Project budget prepared by Declarant, payable in periodic installments as determined by the Declarant. Each Lots share for the first Association fiscal year shall be prorated based on the number of months remaining in that fiscal year. Thereafter, the Board shall determine and fix the amount of

the annual assessment against each Lot at least sixty (60) days in advance of the beginning of each fiscal year.

4.4 Special Assessments. In addition to the regular assessments authorized above, the Board may levy, in any fiscal year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement within the Project, including fixtures and personal property related thereto, or to defray any unanticipated or underestimated regular assessment. Special assessments may also be levied against an individual Lot and its Owner to reimburse the Association for costs incurred in bringing that Owner and his Lot into compliance with the provisions of this Declaration and the Bylaws including attorneys' fees and costs.

4.5 Allocation of Assessments. Each lot, including Lots owned by Declarant, shall bear an equal share of each regular and special assessment (except for special assessments imposed against an individual Lot and its Owner under the preceding Subparagraph). The equal allocation of assessments shall not affect the obligation of any limited Common Property Owner to pay his share of expenses relating to such Common Property, all as provided in Article 2 above.

4.6 Date of Commencement of Assessment. Due dates. The regular assessments provided for herein shall commence as to all Lots in the Project or any phase thereof on the first day of the month following closing of the sale of the first Lot in the Project or phase thereof. Due dates of assessments shall be required other than an annual notice setting forth the amount of the regular assessment and the dates on which the assessment installments shall become due.

4.7 Transfer of Lot by Sale of Foreclosure. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure shall extinguish the liability for and lien of such assessments as to payments which become due prior to such sale or transfer (except for assessment liens recorded prior to the mortgage). Such unpaid dues or charges shall be deemed to be common expenses collectible from all of the Lots including such mortgagee. In a voluntary conveyance of the Lot the grantee of the same shall be jointly and severally liable with the grantor for all unpaid assessments by the Association against the latter for his share of the common expenses up to the time of the grant or conveyance, without prejudice to the grantee's right to recover from the grantor the amounts paid by the grantee therefore. However, any such grantee shall be entitled to a statement from the Association setting forth the amount of the unpaid assessments due the Association and such grantee shall not be liable for, nor shall the Lot conveyed be subject to the lien for, any excess of the amount set forth in the statement; provided, however, the grantee shall be liable for any such assessment becoming due after the date of any such statement.

4.8 Enforcement of Assessment, Obligation Priorities, Discipline. If any part of any assessment is not paid and received by the Association or its designated agent within ten (10) days after the due date an automatic late charge of Five Dollars (\$5.00) shall be

assessed and additional Five Dollars (\$5.00) sums shall be assessed for each month or fraction thereof from the due date until the assessment and all late charges are paid. Each assessment shall constitute a lien on each respective Lot prior and superior to all other liens except (1) all taxes, bonds, assessments and other levies which, by law, would be superior thereto, and (2) the lien or charge of any mortgage or deed of trust of record made in good faith and for value. Such lien, when delinquent, may be enforced by sale by the Association, its attorney or other person authorized by this Declaration or by law to make the sale, after failure of the Owner to pay such assessment in accordance with the provisions of Washington law applicable to the exercise of powers of sale in deeds of trust, or by judicial foreclosure as a mortgage, or in any other manner permitted by law. The Association, acting on behalf of the Lot Owners, shall have the power to bid for the Lot at the foreclosure sale and to acquire and hold, lease, mortgage and convey the same. Suit to recover a money judgment for unpaid common expenses, rent and attorneys' fees shall be maintainable without foreclosing or waiving the lien securing the same. The Board may impose reasonable monetary penalties including actual attorneys' fees and costs and may temporarily suspend the Association membership rights of a Lot Owner who is in default in payment of any assessment, after notice and hearing according to the Bylaws.

ARTICLE 5
DUTIES AND POWERS OF THE ASSOCIATION

5.1 Duties and Powers. In addition to the duties and powers enumerated in the Bylaws and Articles, or elsewhere provided for herein, and without limiting the generality thereof, the Association shall:

5.1.4 Have the authority to employ a manager or persons and to contract with independent contractors or managing agents to perform all or any part of the duties and responsibilities of the Association, subject to the Bylaws and restrictions imposed by any governmental or quasi-governmental body or agency having jurisdiction over the Project.

5.1.5 Adopt reasonable rules not inconsistent with this Declaration

the Articles, or Bylaws relating to the use of particular areas within the Project, and the conduct of Owners and their tenants and guests with respect to the Property and other Owners.

5.2 Association Easements and Access to Lots. For the purposes of performing the maintenance authorized by this Article or for any other purpose reasonable related to the performance by the Board of its responsibilities under this Declaration, the Association (and its agents and employees) shall have an easement over and onto all portions of the Project, and shall also have the right, after reasonable hours, to enter any lot.

ARTICLE 6 UTILITIES

6.1 Owners' Rights and Duties. The rights and duties of the Owners of Lots within the Project with respect to utilities shall be as follows:

6.1.1 Whenever water, electric, gas, television receiving, or telephone lines or connections are located or installed within the Project, which connections or any portion thereof, is in or upon Lots owned by other than the Owner of a Lot served by said connections, the Owners of any Lots served by said connections shall have the right and are hereby granted an easement to the full extent necessary therefore to enter upon the Lots or to have the utility companies enter upon the Lots in or upon which said connections, or any portion thereof lie, to repair, replace and generally maintain said connections as and when necessary.

6.1.2 Whenever water, electric, gas, television receiving, or telephone lines or connections are located or installed within the Project, which connections serve more than one Lot, the Owner of each Lot served by said connection shall be entitled to the full use and enjoyment of such portions of said connections as service his Lot.

6.1.3 In the event of a dispute between Owners with respect to the repair or rebuilding of said connections, or with respect to the sharing of the cost thereof, then upon written request to one of such Owners addressed to the Association, the matter shall be submitted to the Board, which shall decide the dispute, and the decision of the Board shall be final and conclusive on the parties.

6.2 Easement for Utilities and Maintenance. Easements over and under the property for the installation, repair, and maintenance of water, electric, gas, and telephone lines and facilities, such as may be hereafter reasonably required to service the Property, are hereby reserved by Declarant and its successors-in-interest and assigns, including the Association, together with the right to grant and transfer the same; provided, however, that no such reservation or grant of an easement shall unreasonably interfere with the use or occupation of any Lot by its Owner or with the construction of a dwelling on any Lot.

ARTICLE 7
COVENANTS FOR MAINTENANCE

7.1 Lots to be kept in Good Repair; Creation of Lien. Each Owner shall keep all Lots owned by him, and all improvements thereon, in good order and repair, including, but not limited to, the seeding, watering and mowing of all lawns, the pruning and cutting of all trees and shrubbery, the property maintenance of septic systems, and the painting (or other appropriate external care) of all buildings and other improvements, all in a manner and with such frequency as is consistent with good property management. If, in the opinion of the "Architectural Committee" as hereinafter defined, any Owner fails to perform the duties imposed by the Association after approval by a two-thirds (2/3) decision of the Association Board, and after fifteen (15) days written notice to the Owner to remedy the condition in question, the committee shall have the right, through its agents and employees, to enter upon the Lot in question and to repair, maintain, repaint and restore the Lot or such improvements and the cost thereof shall be a binding, personal obligation of such Owner as well as a lien (enforceable in the same manner as a mortgage) upon the Lot in question.

7.2 Bona Fide Purchaser Not Responsible for Lien. The lien provided in Section 7.1 hereof shall not be valid as against a bona fide purchaser (or bona fide mortgage) of the Lot in question unless a suit to enforce said lien shall have been filed in a court of record in Spokane County prior to the recordation among the land records of Spokane County of the deed (or mortgage) conveying the Lot in question to such purchaser (or subjecting the same to such mortgage).
