PROJECT / SITE DESCRIPTION:
The proposed project includes the development of
EROSION CONTROL near Jordan View Estates. The project involves the
construction of a new road in the area.

SOIL TYPE:
The soils in this region of the project site have been identified as
different soil types. It is important to consult with the local
soil experts for accurate information.

ESC MEASURES:
Please note that ESC measures are being
implemented during construction.

CERTIFICATION:
The erosion and sediment control plan meets
the requirements for effective management.

GRAPHIC SCALE:
1" = 20' = 1" on plan
