**DECLARATION OF
COVENANTS, CONDITIONS AND RESTRICTIONS
FOR WANDERMERE HEIGHTS**

This Declaration of Covenants, Conditions and Restrictions, made on the date hereinafter set forth by Wandermere Heights, LLC, a Washington Limited Liability Company (hereinafter referred to as "Declarant").

WITNESSETH:

WHEREAS Declarant is the owner of certain property in the County of Spokane, State of Washington, which is specifically described and identified as Wandermere Heights described in Exhibit "A" attached hereto and incorporated herein by this reference, hereinafter referred to as the "Wandermere Heights", and

WHEREAS Declarant has subdivided Wandermere Heights into separate lots and streets, and has constructed or will construct thereon certain community improvements and, thereafter, the lots will be sold to the general public (or to builders) for the construction of residential Dwellings establishing a residential community, and

WHEREAS the development shall be hereinafter referred to as Wandermere Heights, and each owner shall receive fee or equitable title to an individual lot (with the right and obligation to construct a Dwelling thereon) and a membership in Wandermere Heights Owners' Association, which shall be a Washington nonprofit corporation and which will have certain administrative and maintenance responsibilities in Wandermere Heights, and

WHEREAS Declarant intends by this document to impose upon the Property mutually beneficial restrictions under a general plan of improvement for the benefit of all of the said lots and the owners thereof.

NOW, THEREFORE, Declarant hereby declares that Wandermere Heights shall be held, conveyed, mortgaged, encumbered, leased, rented, used, occupied, sold and improved, subject to the following declarations, limitations, covenants, conditions, restrictions, and easements, all of which are for the purpose of enhancing and protecting the value and attractiveness of the Property, and Wandermere Heights, and every part thereof, in accordance with the plan for the improvements of the Property and the division thereof into a residential Planned Unit Development. All of the limitations, covenants, conditions, restrictions, and easements shall constitute covenants which shall run with the land and shall be perpetually binding upon Declarant and its successors-in-interest and assigns, and all parties having or acquiring any rights, title, or interest in or to any part of the Property or Wandermere Heights.

**ARTICLE 1
DEFINITIONS**

1.1 "Assessment" shall mean that portion of the cost of maintaining, improving, repairing, operating, and managing the Property which is to be paid by each Lot Owner as determined by the Association under this Declaration.

ARTICLE 2
DESCRIPTION OF PROJECT. DIVISION OF PROPERTY AND
CREATION OF PROPERTY RIGHTS AND OBLIGATIONS

2.1 Description of Wandermere Heights. Wandermere Heights consists of the underlying Property with the residential Dwellings and all other improvements and systems located or to be located thereon, regardless of the ownership thereof, and includes all

Phases annexed to the Property.

2.2 Common Property. The Common Property shall consist of real property in which the Association holds an interest or which is held or maintained, permanently or temporarily, for the common use, enjoyment and benefit of the Owners, and may include, without limitation, trails, parks, recreational facilities, private roads, private drives, sidewalks, drainage facilities, storm water lines, swales and open spaces. Common Property may be established from time to time by Declarant on any portion of the Property by describing it on a Plat, by granting or reserving it in a deed or other instrument, or by designating it pursuant to this Declaration or any Supplemental Declaration. Common Property may include easement and/or license rights.

2.2.1 Drainage Facilities and Storm Water Lines. Drainage facilities and Storm Water Lines located within the Property as shown on the final plat, shall be operated, maintained, repaired, and replaced by the Association in accordance with Spokane County design standards and regulations to include, but not limited to, Storm Water Conveyance and Drainage Pond Operations and Maintenance Manual for Wandermere Heights Development, Spokane County File No. P-1936. No alteration shall be allowed to drainage facilities located within the Property that is contrary to design standards and regulations.

2.2.1.1 Association Responsibility. The Association, through Assessments, shall maintain, clean and keep open all stormwater lines, pipes and drainage facilities on Common Property and replace them at such times Spokane County deems necessary. The Association's maintenance shall at all times be in compliance with the accepted plans and the previously referenced operations and maintenance manual. The Association's maintenance shall include but is not limited to planting, mowing and irrigating native-type dryland grasses in pond facilities, drainage ditches and swales, keeping them, stormwater pipes, facilities and structures, free of debris. The Association may plant and maintain shrubbery and trees on the Common Property, provided they do not obstruct the flow and percolation of storm drainage water in drainage swales. The Association shall remove, dispose and replace soil and grass sod in the drainage facilities at such times as Spokane County deems necessary.

2.2.1.2 Drainage Easements. Drainage easements are depicted on the plat for the purpose of installing, operating and maintaining drainage ponds and facilities to convey, store, treat and dispose of stormwater runoff. The Declarant grants an easement to Spokane County for ingress and egress, over, under and on all Common Property and Lots for inspection and emergency maintenance of drainage facilities.

2.2.2 Private Roadways. With the exception of Allison Street, Travis, Alexa and Marissa Courts, which are public right-of-ways controlled and maintained by Spokane County, all roadways within the Property are privately owned by the Association.

2.2.2.1 Private Roads. All private roadways designated on the plat as roads or lanes shall be maintained, repaired and improved by the Association to Spokane County Road and Sewer Standards applicable to

private roads. The Association shall bear all responsibility for drainage and snow removal. Every Owner, regardless of the location of their Lot, shall contribute to the common expenses which shall include private roadway maintenance.

2.2.2.2 Private Drives. All private roadways not designated as roads or lanes are private drives serving comparatively few Lots. Private drives shall be maintained, repaired and improved by the Owners of Lots served by private drives. Owners shall equally share in the costs of roadway maintenance, repairs, improvements, drainage and snow removal with all other Owners whose Lots are served by private drives.

2.2.3 Open Spaces. Portions of the Property are depicted on the plat as Open Spaces. The Declarant may landscape and place common property features and facilities on the open spaces. Upon acquiring ownership of the Open Spaces, the Association may change, alter and improve the Open Spaces provided the modifications meet Spokane County requirements and the modifications continue to serve the common use, enjoyment and benefit of the Owners. Otherwise, the Association shall maintain the Open Spaces, any landscaping, features and facilities constructed by the Declarant to the standard established by the Declarant and generally prevailing throughout the Property as of the time the Declarant transfers ownership.

2.3 Conveyance of Common Property. The Declarant may convey title to the Common Property to the Association at any time, by deed. However, title to the Common Property will be deemed to be transferred and conveyed to the Association at the end of the Period of Declarant Control. Such conveyance shall be accepted by the Association.

2.3.1 Thereafter, title to the Common Property cannot be sold or transferred by the Association except to a successor in interest approved by Spokane County. Should the Association cease to exist for any reason without assignment of the Common Property to an approved successor in interest, then and in that event, the Owners of the Lots existing at the time of the Association's termination shall share equally the responsibility and costs for maintaining the Common Property including all drainage facilities.

2.3.2 The Common Property can then not be sold, transferred or conveyed by the Lot Owners, but shall be considered subservient estates for tax purposes to the Lots unless a replat is filed.

ARTICLE 3 **ASSOCIATION. ADMINISTRATION. MEMBERSHIP** **AND VOTING RIGHTS**

3.1 Association to Manage Wandermere Heights. The Owners of all the Lots covenant and agree that the administration of Wandermere Heights shall be in accordance with the provisions of this Declaration and the Bylaws of the Association, subject to the standards set forth in this Declaration and all applicable laws, regulations and ordinances of any governmental or quasi-governmental body or agency having jurisdiction over

Wandermere Heights. Notwithstanding the generality of the foregoing, the primary function of the Association shall be the enforcement of the restrictions set forth in this Declaration.

3.2 Membership. The Owner of a Lot shall automatically, upon becoming an Owner, be a Member of the Association, and shall remain a Member thereof until such time as his ownership ceases for any reason, at which time his membership in the Association shall automatically cease. Membership shall be in accordance with the Bylaws of the Association.

3.3 Transferred Membership. Membership in the Association shall not be transferred, pledged, or alienated in any way, except upon the transfer of ownership of the Lot to which it is appurtenant, and then only to the new Owner. Any attempt to make a prohibited transfer is void. In the event the Owner of any Lot should fail or refuse to transfer the membership registered in her name to the purchaser of her Lot, the Association shall have the right to record the transfer upon its books and thereupon the old membership outstanding in the name of the seller shall be null or void.

3.4 Classes of Membership. The Association will initially have two classes of Members as described below:

3.4.1 Class A Membership. Owners of Lots, other than Declarant, shall be known as Class A Members. Each Class A Member shall be entitled to cast one (1) vote for each Lot owned by such Class A member on the date of the vote.

3.4.2 Class B Membership. Declarant shall be known as the Class B Member, and shall be entitled to ten (10) votes per Lot owned by Declarant, including Lots that have been preliminarily platted, but have not been finally platted on the date of the vote. Provided, however, that Class B membership shall cease to exist after the termination of the Period of Declarant Control, and at such time, Declarant, if still an Owner of a Lot or Lots, will become a Class A Member and shall be entitled to one (1) vote for each Lot owned.

The Bylaws may set forth additional classifications of membership from time to time, except no additional classifications shall be created during the Period of Declarant Control unless the Declarant agrees in writing to any new or different class.

3.5 Voting Requirements. Except where otherwise expressly provided in this Declaration or the Bylaws, any action by the Association which must have the approval of the Association membership before being undertaken shall require the vote or written assent of the prescribed percentage of the total voting power (both classes) of the Association.

3.6 Voting Rights. Each Member shall be entitled to vote on Association matters based on the number of votes to which that Member is entitled based on such Member's membership class.

Any Owner of a Lot that is leased may assign his voting right to the tenant, provided that a copy of the instrument or assignment is furnished to the Secretary of the Association prior to any meeting at which the tenant exercises the voting right.

3.7 Membership Meetings. Regular and special meetings of Members of the

Association shall be held with the frequency, at the time and place, and in accordance with the provisions of the Bylaws of the Association.

3.8 Board of Directors. The affairs of the Association shall be managed by a Board of Directors, which shall be established, and which shall conduct regular and special meetings according to the provisions of the Bylaws of the Association.

ARTICLE 4 MAINTENANCE AND ASSESSMENTS

4.1 Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Lot owned within Wandermere Heights, hereby covenants, and each Owner of any Lot by acceptance of a deed or contract therefor, whether or not it shall be so expressed in such deed or contract, is deemed to covenant and agree to pay to the Association: (1) general annual assessments or charges, and (2) special assessments for capital improvements and unexpected expenses, such assessments to be established and collected as provided herein and in the Bylaws of the Association. The regular and special assessments, together with interest, costs, and actual attorneys' fees, shall be a charge and a continuing lien upon the Lot against which each assessment is made, the lien to become effective upon levy of the assessment. Each such assessment, together with interest, costs, and actual attorneys' fees; shall also be the personal obligation of the person who was the Owner of such Lot at the time when the assessment fell due. No Owner of a Lot may exempt himself from liability for the contribution toward the Common Expenses by waiver of the use or enjoyment of any part of Wandermere Heights or by the abandonment of his Lot.

4.2 Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the health, safety and welfare of all the residents of Wandermere Heights, and shall include (as part of the regular periodic assessments) an adequate reserve for maintenance, repairs and replacement of those areas and facilities owned and managed by the Association, and which must be replaced on a periodic basis. Specifically, and without limiting the generality of the foregoing, the assessments shall be used to cover expenses of administering the Association, of enforcing the covenants, conditions, and restrictions of Declaration, of providing for the insurance for the Association, and of providing for the maintenance of Common Property.

4.3 Amounts Paid by Owners. The Board can require, in its discretion or as provided in the Articles of Incorporation or Bylaws, payment of regular Assessments in quarterly or annual installments. Each Owner shall be assessed and shall pay an amount determined annually by the Board of Directors. In computing any change to the amount of regular Assessments, the Board shall prepare an estimate of expenses for operating the Association, including such contributions to a reserve for future capital repairs as the Board may consider appropriate. Said estimate of operating expenses shall be divided by the number of finally platted Lots attributable to all Owners for said year. The Board shall make a reasonable estimate of the number of Owners that will be subject to regular Assessments during the year.

4.4 Special Assessments. In addition to the regular Assessments authorized above, the Board may levy, in any fiscal year, a special Assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction,

reconstruction, repair or replacement of a capital improvement within Wandermere Heights, including fixtures and personal property related thereto, or to defray any unanticipated or underestimated regular Assessment. Special Assessments may also be levied against an individual Lot and its Owner to reimburse the Association for costs incurred in bringing that Owner and his Lot into compliance with the provisions of this Declaration and the Bylaws, including attorneys' fees and costs.

4.5 Allocation of Assessments. Each Lot, including Lots owned by Declarant, shall bear an equal share of each regular and special assessment (except for special assessments imposed against an individual Lot and its Owner under the preceding subparagraph).

4.6 Date of Commencement of Assessment; Due Dates. The general annual Assessments provided for herein shall commence as to each Lot in Wandermere Heights or any Phase thereof on the first day of the month following closing of the sale of the first Lot in Wandermere Heights or Phase thereof. Due dates of the Assessments shall be established by the Board of Directors and be set forth in an annual notice, along with the amount of the general annual Assessment.

4.7 Transfer of Lot by Sale or Foreclosure. Sale or transfer of any Lot shall not affect the Assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure shall extinguish the liability for and lien of such Assessments as to payments which become due prior to such sale or transfer (except for Assessment liens recorded prior to the mortgage). Such unpaid dues or charges shall be deemed to be Common Expenses collectible from all of the Lots including such mortgagee. In a voluntary conveyance of a Lot, the grantee of the same shall be jointly and severally liable with the grantor for all unpaid Assessments by the Association against the latter for her share of the Common Expenses up to the time of the grant or conveyance, without prejudice to the grantee's right to recover from the grantor the amounts paid by the grantee therefor. However, any such grantee shall be entitled to a statement from the Association setting forth the amount of the unpaid Assessments due the Association, and such grantee shall not be liable for, nor shall the Lot conveyed be subject to a lien for, any excess of the amount set forth in the statement; provided, however, the grantee shall be eligible for any such Assessment becoming due after the date of any such statement.

4.8 Enforcement of Assessment Obligations; Priorities, Discipline. If any part of any Assessment is not paid and received by the Association or its designated agent within thirty (30) days after the due date, an automatic late charge of Ten Dollars (\$10.00) shall be assessed and additional Ten Dollar (\$10.00) sums shall be assessed for each month or fraction thereof from the due date until the Assessment and all late charges are paid. Each Assessment shall constitute a lien on each respective Lot prior and superior to all other liens except (1) all taxes, bonds, Assessments and other levies which, by law, would be superior thereto, and (2) the lien or charge of any mortgage or deed of trust of record made in good faith and for value. Such lien, when delinquent, may be enforced by sale by the Association, its attorney, or other person authorized by this Declaration, or by law to make the sale, after failure of the Owner to pay such Assessment, in accordance with the provisions of Washington law applicable to the exercise of powers of sale in deeds of trust, or by judicial foreclosure as a mortgage, or in any other manner permitted by law. The Association, acting on behalf of the Lot Owners, shall have the power to bid for the Lot at the foreclosure sale, and to acquire and hold, lease, mortgage and convey the same. Suit to recover a money judgment for unpaid Common Expenses, rent and attorneys' fees shall be maintainable without foreclosing or waiving the lien securing the same. The Board may impose

reasonable monetary penalties, including actual attorneys' fees and costs, and may temporarily suspend the Association membership rights of a Lot Owner who is in default in payment of any Assessment, after notice and hearing according to the Bylaws.

The rights and duties of the Owners of Lots within Wandermere Heights are as follows and may only be amended in the manner provided in Section 10 hereof regarding Amendment of this Declaration. In addition, the Board may, from time to time without consent of the Owners, promulgate, modify or delete other use restrictions and rules and regulations applicable to the Property. Such use restrictions and rules shall be distributed to all Owners prior to the date that they are to become effective and shall thereafter be binding upon all Owners until and unless overruled, cancelled or modified by vote or written consent of a majority of Members with voting power in the Association.

6.2 Construction and Landscaping Requirements and Restrictions. All dwellings constructed within the Property by any person other than Declarant shall be subject to guidelines established by the Architectural Control Committee for the purpose of establishing property wide harmonious design. Thereafter, the Owners shall maintain their dwellings and the landscaping on their Lots to the standard established by the Declarant and generally prevailing within Wandermere Heights.

6.2.1 All Dwellings and other buildings constructed on Lots shall be set at such an elevation so as to provide positive drainage away from any drainage entry point to the building (including but not limited to a window well, a window

unprotected by a window well, or a doorway). Said positive drainage shall consist of a minimum slope of 5% away from the building for a distance of at least 10 feet from the building. The lots shall be graded so that either a) all runoff is routed away from the building, and conveyed over the lot to a natural drainage swale or approved drainage facility, orb) drainage intercepted on the lot is disposed of on the lot in an approved drainage facility. All drainage facilities for this plat, including any `208' swales, shall be constructed in accordance with the approved plans on file at the Spokane County Engineer's Office. Any proposed changes to the approved road and drainage plans must be approved by the Spokane County Engineer's Office prior to construction of said changes.

6.3 Residential Use. Except as provided in this paragraph, all Lots shall be used for single family residential purposes exclusively with the exception that certain home occupations will be permitted subject to the guidelines and rules established by the Board. Such home occupations may be limited to certain business uses, shall not create any disturbance, noise, or unsightliness, shall not unduly increase traffic flow or parking congestion, and shall not be in violation of any of the provisions of this Declaration or Bylaws. Use of the Lot shall, in all cases, be in compliance with all applicable laws, ordinances, rules and regulations.

6.4 Signs. No sign of any kind shall be displayed to the public view on any Lot within the Property, except that one professional appearing sign advertising the Lot for sale or for rent may be placed by an Owner, builder or licensed real estate broker. This provision regarding signs shall not apply to or restrict the Declarant from installing or maintaining signs during development and sales of Lots for marketing the Property, nor shall this restriction apply to any entrance sign to the entire Property installed or authorized to be installed by Declarant. Owners may place temporary political signs on the Lots during campaign and election times.

6.5 Animals. No animals of any kind shall be raised, bred or kept in any Lot, Dwelling, or on any portion of the Property; provided, however, that conventional household pets may be kept on Lots subject to the following restrictions: Pets shall not be kept, bred or maintained for any commercial purposes. Owners shall be responsible for the immediate cleanup and removal of all fecal matter deposited by pets on any Property other than the Lot of the Owner of the pet. Pets shall be confined to the Owner's Lot in a dog run, or otherwise, unless on leash and accompanied by a responsible person. No domestic pet may be kept if it is a source of annoyance or nuisance. The Board shall have the authority to determine whether a particular pet is a nuisance or a source of annoyance, and such determination shall be final and conclusive. Pets shall be attended at all times and shall be registered, licensed and inoculated from time to time as required by law.

6.6 Vehicle and Equipment Restrictions. No trailer, camper, mobile home, motor home, recreational vehicle, bus, truck (other than standard size pickup truck), inoperable automobile, boat, or similar equipment, and no vehicle in an extreme state of disrepair, shall be permitted outside of a garage. Provided, however, vehicles and equipment may be moved onto driveways or streets on a transitory and temporary basis (48 hours maximum) for purposes of loading and unloading of passengers or personal property.

6.7 Antennae and Satellite Dishes. No antenna, satellite dish or other device for the transmission or reception of radio, television, satellite signals or other form of signal transmission or reception shall be erected, used or maintained outdoors and above ground,

6.8 Garbage Cans, Wood Piles, Etc. All garbage cans, wood piles, air conditioning compressors, machinery, equipment and other similar items related to the operation of the dwelling shall be located or screened so as to be concealed from view of the street abutting the Lot where such items are located. All rubbish, trash and garbage shall be regularly removed and shall not be allowed to accumulate. Trash, garbage, debris, or other waste matter of any kind, may not be burned within the Property.

6.9 Unightly or Unkempt Conditions. The pursuit of hobbies or other activities, including specifically without limiting the generality of the foregoing, the assembly and disassembly of motor vehicles and other mechanical devices, which might tend to cause disorderly, unsightly or unkempt conditions, shall not be undertaken outside of homes or garages. Garage doors shall be kept closed at all times unless they are in use. In addition, the storage of equipment, machinery, construction supplies or any similar material on a Lot outside of the dwelling and garage constructed thereon is strictly prohibited except as required during the remodeling or refurbishing of improvements on such Lot and then for not more than 90 days.

6.10 Sight Distance Easements. As shown on the final plat, certain Lots are subject to sight distance easements granted to Spokane County for the purpose of allowing a clear view sight distance triangle over and across the easements. Owners of the said lots shall not obstruct or in any manner allow any obstacle to block this clear view triangle between a height of three (3) feet and a height of seven (7) feet above the road pavement elevation adjacent to said Lots. Should an Owner fail to maintain the sight distance area in reasonable conformance with the approved plans on file in the office of the Spokane County Engineer, a notice may issue to the Owner. If the situation is not corrected within ten (10) days, Spokane County has the right to restore the sight distance area to that of the approved plans on file, or have it restored by others, and charge all costs to the Owner.

6.11 Owner Drainage Requirements. Owners shall maintain all natural drainage channels, drainage ditches, and all water quality swales (`208' swales) situated on their respective Lots and any portion of a `208' swale or drainage conveyance ditch situated in a right-of-way adjacent to their respective Lots with a permanent ground cover such as live native-type dryland grasses or lawn turf as specified in the currently accepted plans on file at Spokane County Engineer's Office. No structures, including fences, shall be constructed directly over or within a water quality swale, natural drainage channel or drainage ditch without the expressed written consent of the Spokane County Engineer. Owners' maintenance responsibilities shall include, but are not limited to mowing, irrigating and keeping the area free of debris. The Owners shall be held responsible for keeping open and maintaining the surface path of natural or man-made drainage flow over and across their respective Lots. If the Owners fail to maintain the surface path of natural or man-made drainage flow, or drainage facilities on private Lots, a notice of such failure may be given to the Owners. If not corrected within the period indicated on said notice, Spokane County has the right to correct the maintenance failure, or have it corrected, at the expense of the Owners.

ARTICLE 7 **ARCHITECTURAL CONTROL**

7.1 Architectural Control During Development. During the period of Declarant Control, the Architectural Control Committee shall be appointed by Declarant. All decisions regarding approval or rejection of plans, specifications, landscaping, retaining walls, fencing, and other proposals shall be determined by a majority vote of the members of the Architectural Control Committee.

7.2 Architectural Control Committee after Sale of All Lots. After all Lots are owned by Owners other than the Declarant, the Owners may assume control of and responsibility for the Architectural Control Committee. At that time, the Lot Owners shall appoint members of the Committee, which shall consist of three members. Members of the Architectural Control Committee need not be Owners of Lots.

7.3 Prohibition of Alteration. No structure, improvement, or alteration of any kind (including the initial installation of landscaping within any Lot and any revision of the initial landscaping of any Lot which might obstruct another Lot Owner's view), shall be commenced, erected, painted, or maintained upon the Property until the plans for the same have been submitted to and approved in writing by the Architectural Control Committee.

7.4 Plans and Approval. The Architectural Control Committee, shall base decisions to approve or deny proposals on the quality of the proposed workmanship and the materials to be utilized, the harmony of the proposal to the external design and existing structures, and as to location with respect to topography and finished grade elevation. The Architectural Control Committee shall also have the authority to develop and make available to all Owners within the Property, a set of rules and guidelines to assist Owners in preparing plans under this section. The rules and guidelines shall not be binding upon the Declarant or Committee, but shall set forth general criteria to be considered by the Committee in evaluating a particular application for architectural approval.

7.5 Maintenance of Property. Each Owner shall be responsible for maintaining the exterior appearance of their Lot and all improvements situated on their Lot. In the event that an Owner shall fail or refuse to maintain the Lot or exterior appearance of any improvements, the Architectural Control Committee and/or other Lot Owners shall have the right, upon thirty (30) days' prior written notice sent to the Owner's last known address by certified mail, return receipt requested, repairs and corrections meanwhile not having been undertaken and diligently pursued, to enter upon the Owner's Lot and commence and complete such repairs and/or corrections. All costs associated with investigating, giving notice, undertaking and completing repairs and/or corrections shall be a special Assessment obligation owed by the Lot Owner personally and shall constitute a lien as a special Assessment against such Lot.

7.6 Minimum Standards. The minimum standards stated in Article 6 shall be binding upon the Architectural Control Committee unless and until amended by Project Documents.

ANNEXATION OF EXPANSION PROPERTY**

8.1 Declarant's Right. Declarant reserves the right, but will not be obligated, to incorporate Expansion Property, in whole or in part, into the regime established under this Declaration, so that the Expansion Property, if and when developed, will be treated as an integral part of Wandermere Heights.

8.2 Rights and Obligations of Owners of Annexed Parcels. Subject to the provisions hereof, upon recording of a Supplemental Declaration as to any Parcel, all provisions contained in this Declaration shall apply to the Parcel in the same manner as if it were originally covered by this Declaration, subject to such modifications, changes and deletions as are specifically provided in such Supplemental Declaration, such Parcel shall be treated for all purposes as a Parcel as defined above. The Owners of Lots located in the Parcels shall become members of the Association and shall become liable for their appropriate share of Assessments. Title to the Common Properties which are to be owned and managed by the Association, within said Parcels shall be conveyed to the Association, free and clear of any and all encumbrances and liens, subject to reservations, easements, covenants, conditions and restrictions then of record including those set forth in this Declaration or any Supplemental Declaration applicable to such Parcels.

If any Parcel is created, the Association shall have the authority to levy Assessments against the Owners located within such Parcel, and the Association shall have the duty to maintain additional Common Properties located within the Parcel if so specified in any Supplemental Declaration.

8.4 Deannexation. Declarant may delete all or portion of the Property except unsold platted Lots, including previously annexed Parcels, from the Property and from coverage of this Declaration and jurisdiction of the Association, so long as the Declarant has an interest in such Parcels and provided that a Supplemental Declaration of Deletion of Property is recorded in the Office of the Spokane County Auditor in the same manner as a Supplemental Declaration of Annexation. After the Period of Declarant Control, Members may deannex all or any portion of a Parcel upon the favorable vote of seventy-five percent (75%) of all Members of the Association and written approval of Declarant so long as the Declarant owns any portion of the property described in Exhibit "A" or any other real property which is then part of the Property.

disclosed of record.

The private roads and/or common areas shown on this plat are hereby dedicated to the Wandermere Heights Owners' Association created by document recorded May 06, 2005 under U.B.I. Number 502 500 991.

The private roads and/or common areas cannot be sold or transferred, and shall be considered subservient estates for tax purposes to the other lots created herein.

The private roads as shown hereon, are easements which provide a means of ingress and egress for those lots within the Plat having frontage thereon.

The status of the areas designated as subservient estates for tax purposes cannot be changed without filing a replat.

The County of Spokane is hereby granted the right of ingress and egress to all private roads, common areas and/or drainage easements.

The private roads and drainage easements are subject to the separate Declaration of Covenant as recorded May 13, 2005 under Auditors Document No. 5215129 which by reference is made a part hereof.

Drainage easements as platted and shown hereon, which are for the purpose of conveying and storing stormwater runoff, and for installing, operating and maintaining drainage ponds and drainage facilities which dispose of and treat stormwater runoff, are hereby granted to Spokane County and the Wandermere Heights Owners' Association. Tract B is hereby dedicated to the Wandermere Heights Owners' Association for the purpose of conveying and storing stormwater runoff, and for installing, operating and maintaining drainage ponds and drainage facilities that dispose of and treat stormwater runoff. A drainage easement is granted to Spokane County over Tract B for inspection and emergency maintenance of stormwater facilities.

Spokane County and its authorized agents are hereby granted the right to ingress and egress to, over and from all drainage easements and tracts for the purposes of inspection and emergency maintenance of the drainage facilities, if not properly maintained by the property owner(s) or the Wandermere Heights Owners' Association. Spokane County does not accept the responsibility to inspect or maintain drainage facilities located outside of public rights-of-way, except in cases where Spokane County specifically assumes that responsibility in writing. Neither does Spokane County accept any liability for any failure by the property owner(s) for the Wandermere Heights Owners' Association to properly maintain such areas.

The property owner(s) within this plat shall be held responsible for keeping open and maintaining the surface path of natural or man-made drainage flow over and across their respective properties. If the property owner(s) fail to maintain the surface path of natural or man-made drainage flow, or drainage facilities on private properties, a notice of such failure may be given to the property owner(s). If not corrected within the period indicated on said notice, Spokane County has the right to correct the maintenance failure, or have it corrected, at the expense of the property owner(s).

Spokane County does not accept the responsibility of maintaining the drainage course on private lots nor the responsibility for any damage whatsoever, including, but not limited to, inverse condemnation to any properties due to deficient construction and/or maintenance of drainage courses in drainage easements on private property.

Any building that is constructed on a lot in this plat shall be set at such an elevation so as to provide positive drainage away from any drainage entry point to the building (including but not limited to a window well, a window unobstructed by a window well, or a doorway). Said positive drainage shall consist of a minimum slope of 5% away from the building for a distance of at least 10 feet from the building. The lots shall be graded so that either a) all runoff is routed away from the building, and conveyed over the lot to a natural drainage swale or approved drainage facility, or b) drainage intercepted on the lot is disposed of on the lot in an approved drainage facility. All drainage facilities for this plat, including any 208 swales, shall be constructed in accordance with the approved plans on file at the Spokane County Engineer's Office. Any proposed changes to the approved road and drainage plans must be approved by the Spokane County Engineer's Office prior to construction at said changes.

There may exist properties located uphill and adjacent to this subdivision that periodically discharge stormwater runoff into individual lots within this plat. Stormwater runoff from nearby uphill properties should be expected, and during snow melt periods or wet seasons the lots may be subjected to higher amounts of stormwater runoff than what is normally observed or anticipated. Because stormwater runoff from adjacent properties have discharged onto this plat prior to development, stormwater runoff will likely continue to do so after development.

If groundwater or mottled soil is encountered during basement excavation, it is Spokane County's recommendation that protective measures that meet the requirements of the current IBC code with respect to dampproofing and waterproofing be implemented as part of the basement foundation construction.

The property owner(s) within this plat shall maintain all natural drainage channels, drainage ditches, and all water quality swales (208 swales) situated on their respective properties, and any portion of a 208 swale or drainage conveyance ditch situated in a public right-of-way, adjacent to their respective properties, with a permanent ground cover such as live native-type dryland grasses or lawn turf as specified in the currently accepted plans on file at Spokane County Engineer's Office. No structures, including fences, shall be constructed directly over or within a water quality swale, natural drainage channel or drainage ditch without the expressed written consent of the Spokane County Engineer. Property owner(s) maintenance responsibilities shall include, but is not limited to mowing, irrigating and keeping the area free of debris. The Wandermere Heights Owners' Association is responsible to keep open and clean related stormwater pipes and/or structures; replacement of drainage facilities as needed; removing and disposing of the soil and grass sod located in drainage facilities situated within easements on private lots at such time Spokane County deems necessary, and replacing the soil and grass sod. Spokane County does not accept any liability to inspect and/or maintain the drainage easements, nor does Spokane County accept any liability for any failure by the lot owner(s) or the Wandermere Heights Owners' Association to properly maintain such areas. Spokane County is only responsible for maintaining the stormwater structures located within the public ROW as shown in the final plat documents.

The property owner(s) and/or Wandermere Heights Owners' Association shall be responsible for payment of all claims and other liabilities, which may become due for said maintenance responsibilities.

Wandermere Heights
5/16

The Wandermere Heights Owners' Association or its successors in interest shall maintain any all drainage facilities, located in the private tracts or common areas in conformance with the accepted plans and the Operations and Maintenance Manual as prepared by the design engineer, Mountain Crest Enterprises Inc., both of which are on file at the Spokane County Engineer's Office. Maintenance of drainage facilities includes, but is not limited to, keeping open and cleaning stormwater pipes, structures, ditches, drainage ponds, swales; replacement of drainage facilities as needed; maintaining live native-type dryland grasses or lawn turf in the pond facilities located in common areas or tracts, with optional shrubbery and/or trees, which do not obstruct the flow and percolation of storm drainage water in the drainage swale as indicated by the approved plans; mowing, irrigating and keeping the area free of debris; removing and disposing of the soil and grass sod located in drainage facilities situated within tracts or common areas at such time Spokane County deems necessary; and replacing the soil and grass sod. The Wandermere Heights Owners' Association shall be responsible for payment of all claims and other liabilities, which may become due for said maintenance responsibilities.

If the Wandermere Heights Owners' Association, or their successors in interest, fails to maintain the drainage facilities in conformance with the accepted drainage plans and the Operations and Maintenance Manual as prepared by the design engineer on file at the Spokane County Engineer's Office, a notice of such failure may be given to the Wandermere Heights Owners' Association, or their successors in interest, by the County Engineer. If not corrected within the period indicated on said notice, Spokane County has the right to correct the maintenance failure, or have it corrected, at the expense of the Wandermere Heights Owners' Association, or their successors in interest.

Should the Wandermere Heights Owners' Association be terminated for any reason, the successors in interest shall be the individual lot owner(s), or their successors in interest, who are members of the Wandermere Heights Owners' Association at the time of said termination. The successors in interest shall share equally in the responsibility and cost of maintaining said drainage facilities.

The tracts and common areas cannot be sold or transferred and shall be considered subservient estates for tax purposes to the other lots created herein. The status of this areas designated as subservient estates for tax purposes cannot be changed without filing a replat.

The sidewalks along the private roads are for the benefit of the Wandermere Heights Owners' Association.

The developer, property owners, and homeowners' association waive any and all claims for damages against any governmental authority arising from the construction, ownership or maintenance of public facilities. This waiver includes claims of any nature, including but not limited to person and real property damages as well as any inverse condemnation claims.

This covenant and agreement shall run with the land in perpetuity, and shall be binding upon the owner(s) their heirs, successors and assigns, including the obligation to participate in the maintenance of the drainage facilities provided herein.

Sight distance easements in Lot 1 of Block 2, and Lots 1 and 2 of Block 3, as plotted and shown hereon, are hereby granted to Spokane County and its authorized agents for the sole purpose of allowing a clear view sight distance triangle over and across the easements. The owners of said lots agree not to obstruct or in any manner allow any obstacle to block this clear view triangle between a height of three (3) feet and a height of seven (7) feet above the road pavement elevation adjacent to said lots. Spokane County and its authorized agents are hereby granted the right of ingress and egress to, over and through said easements for the purpose of inspection and emergency maintenance of the sight distance area. If the property owner fails to maintain the sight distance area in reasonable conformance with the approved plans on file in the office of the Spokane County Engineer, a notice will be given to the property owner. If not corrected after ten (10) days, Spokane County has the right to restore the sight distance area to that of the approved plans on file, or have it restored by others. All costs involved will be charged to the property owner.

According to the Geological Hazards Evaluation Report dated April 26, 2004 by STI Northwest Inc. and the approved grading plans dated ~~May 21~~ 2004 for Wandermere Heights, portions of Lot 1, Block 2, and Lots 1 and 7 of Block 3, and Lots 5 and 6 of Block 5 will have 30% slopes or greater.

IN WITNESS WHEREOF, the aforesaid owners have caused their names to be hereunto subscribed this 20 day of July, 2005.
