2021 Capital Funding Requests
Court Renovations

2020 Park Plan Establishes the following capital projects for consideration in 2021:

- Etter Ranch Trailhead Construction - *$305,000 (awaiting final cost estimate)
- Restroom Replacement / Installation
  - Camelot Park - $70,000 (carried forward from 2020)
  - Northwoods Park - $70,000 (Replacement)
- Hangman Clubhouse Renovation - $400,000 – Funded in 2020
- **Miscellaneous Capital Improvements - $275,000 +/-**
  - Court renovations at Holmberg and Linwood Community Parks
*96% of survey respondents support modifying the existing courts at Linwood and Holmberg.
Existing court 25+ years old
Holmberg Park - OPTION B
Proposed Court Renovation Concept

- Install 4'-tall fencing (leave gap at North and South sides of courts)
- Modify court entrance to allow room for future light post and repair settling asphalt to ensure ADA compliance
- Install new permanent pickleball net posts and patch asphalt (typ.)
- 4’ Tall Cross Fencing
- Paint 8 dedicated pickleball courts
- Option to install HMA overlay prior to acrylic surfacing
- Option to modify landscaping / irrigation on outside of courts to minimize overspray

Total Request
- $320,000 and an additional $220K court lighting at Holmberg if available

Existing court 36 years old
Linwood Park - OPTION B
Proposed Court Renovation Concept

- Existing 10’-tall chain link perimeter fencing - Option to attach windscreen material to South, West, and North sides of fence
- Possible future court lighting
- Pressure wash courts, fill cracks, repair settling asphalt, apply acrylic surface and color
- Paint 2 dedicated tennis courts

Further analysis of ADA accessibility required

Note: Remove trees within 10’ of courts to limit organic debris falling on acrylic surface
- Pressure wash courts, fill cracks, repair settling asphalt, apply acrylic surface and color
- Install new tennis net posts and patch asphalt
- Existing chain link perimeter fencing - Option to attach windscreen material to South and West sides of fence
- Option to install HMA overlay prior to acrylic surfacing, including upgrade to drainage system to discourage standing water on courts
THANK YOU
