

Trash at the Spokane County Transfer Stations

Spokane County Transfer Stations:

- Household garbage
- Residential appliances (will be charged as trash)
- Construction and demolition debris
- Tree trunks (split if needed, must be easy to load/unload)
- Latex paint (must be dried out before going to Waste to Energy, can mix with paper, litter or coffee grounds to solidify)
- [Prescription Drugs & Over-The-Counter Medications](#)
- Mattresses
- Canopies
- Camper shells with appliances removed
- Tires (tires greater than 36" diameter must be cut in two foot pieces, 6 tires per visit)
- Animal carcasses - under 35 lbs. can be taken to the North or Valley Transfer Stations, the Waste To Energy Facility accepts carcasses under 35 lbs. anytime and those over 35 lbs. by appointment only - call (509) 625-6580.
- Drums/Barrels (ends removed, drums flattened)

If you have yard waste and garbage in the same load and want to be charged the two different rates, you must go through the line twice. Need to know where to take a specific type of waste? Visit [the Spokane Waste and Recycling Directory](#) for more information on where you can take specific items.

City of Spokane Waste-to-energy facility:

Due to the fact that Spokane County does not own and operate the Waste-to-energy facility, there are differences in accepted materials, hours of operations, and programs/services offered. For more information on the accepted materials, hours of operation, and programs/services offered at the Waste-to-energy facility, please visit the [City of Spokane's WTE facility website.](#)
