Agenda:

Review and provide feedback on new section:

- Prioritized Goals and Actions
- Appendix B-Plan Amendment Process
- Appendix E-Facility Siting
- Appendix G-Plan Update Process
- Appendix I-History

Prioritized Goals and Actions

- Suzanne suggested adding climate change vocabulary to goal number 4. Tonilee thought possibly adding in the vocabulary to the opening paragraph could be more helpful.
- Goal 6 should have the word “planning” to help structure a conversation around new services. Tonilee mentioned adding in the importance of WACSWM and local support.
- Andy suggested prioritizing the goals in order of importance, Lindsay noted this may be done on a year-by-year basis depending on grant funding.

Appendix B – Plan Amendment Process

- No changes

Appendix E – Facility Siting

- Tonilee wonders if we should add a section to address the growing population within the County.
- Corrected spelling of Pend Oreille.
- The map changes include: changing the jurisdictions to the same color or same pattern, add transfer stations to the map and include the in the legend, and bolden the outlines of member jurisdictions so they can be easily identified if the map is printed without color.
- Clarify the industrial development east of Division Street.

Appendix G – Plan Update Process

- Update SWAC member table.
- Suzanne pointed out if we are listing Deer Park's position as vacant, then we should list all the other member jurisdictions.

Appendix I - History

- Correct abbreviation of SCRSWS. In the past it was Spokane Regional Solid Waste System.
- Section I-5- Suzanne to provide wording giving credit to the residential recycling dumpsters provided in Waverly, Latah, and Fairfield.
- Tonilee suggested adding wording that County Staff and Rural Town Staff were lacking for some actions.
- Add year 2015 to the header of each section so it's clear to the reader these are the previous plan's goals.
- Andy noted that many actions seem like small projects that can be accomplished quickly, but Suzanne said funding may have been more of the issue.

Next meeting scheduled for 2/23/21 1pm to 3pm.

With no further business, the meeting adjourned at 11:18am.
