Dear Justin,

Thank you again for submitting the Dedicated Marijuana Account Funding Project Proposal on behalf of the Spokane County Regional BH ASO. We very much appreciate your enthusiasm, creativity and thoughtful approach toward enhancing services for youth in your communities.

We support you moving forward with this project proposal as a Pilot initiative. As discussed in our meeting last week we would like regular progress updates at critical stages as you begin to implement the project.

I will schedule a meeting to follow up with you the first week of April to check in on progress.

Thank you for your dedication to improving the lives of young people and their families in your communities.

Danny Highley - Behavioral Health Program Manager
