PARKS, RECREATION AND GOLF

Spokane County Golf Course Air Quality Closure Policy

For the health and safety of our patrons and employees, Spokane County Golf Courses will not open for the day when the Air Quality is “Hazardous”, as measured each morning at 6:00 am. In the event of closure, Pro Shop staff will work to advise affected patrons, but may not be able to reach everyone before scheduled time of play so familiarity with this policy is appreciated.

For current Air Quality conditions please visit [AirNow](#) or [Spokane Current Air Quality](#).

Like much of the western U.S., the Spokane area is experiencing impacts to air quality caused by wildfire smoke. Please monitor Air Quality conditions and carefully consider any potential health risks before going outdoors. To learn more, please consult health authorities or your personal physician. The following links may be helpful in this endeavor: [Spokane Regional Health District](#) , [Spokane Regional Clean Air Agency](#). Thank you for your understanding.
