National Night Out is an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places to live. NNO enhances the relationship between neighbors and law enforcement while bringing back a true sense of community. Furthermore, it provides a great opportunity to bring police and neighbors together under positive circumstances. The Spokane County Sheriff’s Office, Spokane Valley Police Department & S.C.O.P.E. (Sheriff Community Oriented Policing Effort) invite you to celebrate the 40th year of National Night Out! Enjoy the evening outside with neighbors & public safety officials! Host a BBQ, potluck, ice cream social, or other activities—whatever is fun for you! Remember before you head out, to lock your doors, windows & turn on your porch lights.

JOIN US AUGUST 1ST, 2023 FOR THESE NNO EVENTS

- SCOPE EDGECLIFF STATION - 522 S Theirman Rd @ 5pm
- SCOPE ELK STATION - 40116 N Elk Camden Rd @ 6pm
- SCOPE ON FAIRCHILD - 610 W Castle St FAFB @ 4pm
- SCOPE UNIVERSITY STATION - 10621 E 15th Ave @ 5pm

FIRST 100 DAYS AS SHERIFF

Since being Sheriff, what have you learned about your agency?

I will say that because I have been in the Sheriff’s Office for the last 25 years, there is not much I have seen that I didn’t already know. What I am quite impressed by is how much great work the staff of the Sheriff’s Office does. I hear about my staff & their excellence everywhere I go. It really is a great relief to know that I can count on our staff to be out doing the right things for the right reasons all the time. There is simply no way I can see & do all things. We are blessed as a community to have such fine people working in the Sheriff’s Office & S.C.O.P.E. programs.

What are some accomplishments you feel have been successful so far?

I think we have normalized accountability within the agency. We developed performance measures for Community Oriented Policing activities & are in the process of regularly monitoring our progress towards our stated goals. This is an area we have not always been successful in, but I believe accountability will be the way we change some of the culture inside the Sheriff’s Office. We have also developed an operational plan that is more robust than those we developed in the past. The current operational plan allows us to focus on activities we should be doing to address the biggest threats our agency & community face.

WHAT IS A FUN FACT ABOUT ONE OF YOUR COMMAND STAFF?

Undersheriff Richey is a valued member of Command Staff I depend on his expertise to deal with my budget & administrative functions. He also takes the lead as my liaison with the labor unions & external County departments.

Kevin is an easy guy to be around & has a great sense of humor. He also plays lead guitar in a rock & roll cover band. He is REALLY GOOD! Undersheriff Richey practices playing guitar almost every morning for an hour. It shows. I am in awe of his ability to play.

~ Sheriff John Nowels

S.C.O.P.E.’s Latent Fingerprint Program is OPEN! Our volunteers are trained to lift fingerprints off your vehicle in an effort to help the Sheriff’s Office catch the bad guys! If you get prowled, make good use of this free service we offer!

If your vehicle gets broken into, S.C.O.P.E. can help!

**THE PROCESS:**

Specialized fingerprint powder is gently brushed over surfaces. If latent fingerprints emerge after dusting, they are photographed & carefully lifted with special forensic tape before being affixed to fingerprint cards. The prints are then sent down to the Forensic Unit for analysis.

**HOW TO REQUEST A FINGERPRINT LIFT:**

- If your vehicle is broken into, call Crime Check at 509-456-2233 to report a vehicle break-in (call 911 if it is a prow in progress).
- Crime Check will ask you if you want a volunteer to dust for latent fingerprints.
- Crime Check will forward the information to S.C.O.P.E.
- S.C.O.P.E. volunteers will call you to make an appointment for you to bring your vehicle to the Valley Precinct Sally Port located at 12710 E. Sprague Ave.

SCAN ME!
USE CAUTION WHILE OPENING EMAIL ATTACHMENTS

Spamming emails are frequently used by cybercriminals to distribute viruses. They transmit infected attachments through emails to a large number of victims. When the virus is opened and run, it might install itself in the background and begin its activity.

BEFORE YOU CHECK OUT, BE SURE YOUR ONLINE PURCHASE IS SAFE

Look for "HTTPS" in the URL (the additional s stands for "secure") as well as a little lock icon in the address bar. Better better, before you buy on the website, double-check that you are on the correct page.

RESIST THE NEED TO RESPOND QUICKLY

Shady actors will usually try to make you believe that something is rare or only available for a limited period. They urge victims to make a choice straight away rather than thinking about it or consulting with family, friends, or financial consultants.

YOU SHOULDN'T BELIEVE EVERYTHING YOU SEE

Scammers are skilled at impersonating government seals, typefaces, and other characteristics. Just because a website or email appears to be official does not guarantee it is. Caller ID is frequently faked. Learn more about how to avoid impostor scams.

WHEN TALKING WITH PEOPLE ONLINE, EXERCISE EXTREME CARE

Never give out your personal information to someone who has approached you unexpectedly, whether by phone, email, social media, or even at your front door.

BE WARY OF WHAT YOU POST ON SOCIAL MEDIA

Consider connecting with just those you know. Examine all social media and internet accounts' privacy settings. Because imposters know so much about their prey, they can often pass themselves off as friends or family members.
