Notice to taxpayer

If you disagree with the assessor's determination, you must appeal the amount of reduction to the county board of equalization within 30 days (or 60 days, in some counties) of notification from the assessor, or by July 1 of the year the reduction is made, whichever is later.

If the subject property qualifies for an exemption or is classified as current use, the following calculations may not produce the correct amount of taxes to be refunded or abated. The amount of tax owing prior to the destruction must be determined and then compared to the actual tax paid to determine the amount of abatement or refund.
