File No. CPA-17-23:

Spokane County proposes to correct the urban growth area boundary to include the vested plats of Woodridge View and Falcon Ridge Plats. The proposal would bring the boundary of the vested plats into the urban growth area and assign the Comprehensive Plan and Zoning designation of Low Density Residential (LDR). Spokane County has identified parcels included in the 2017 Land Quantity analysis that were assigned population capacity, that have either been developed with a non-residential use, or have been sold to a non-development agency. Additionally, the county will be removing the Greenwood Memorial Cemetery as well as the Riverside Memorial Park Cemetery property from the Indian Canyon UGA-JPA to account for the direct exchange of UGA acreage. The Falcon Ridge and Woodridge View Plats are located at the northeast portions of the 5-mile prairie neighborhood, in Section 14, Township 26 North, Range 43 East, Willamette Meridian, Spokane County, Washington. The Department of Building and Planning issued a Determination of Nonsignificance for this proposal on September 27, 2023, with a comment period ending on October 11, 2023, and an appeal period ending at 4:00 PM on October 18, 2023.
