Group Discussions

1. Out of these prioritization areas, where are the highest priorities (Ranked)? What did we miss here?

2. What does bridging the gap between high acuity participants and stable permanent housing look like? (i.e. What type of projects do we fund that move participants from “in need” to “stable”).
   - More PSH?
   - Should programs with:
     - Behavioral Health
     - Financial Counseling
     - Vocational Coaching
     - Healthcare Navigation
     - Youth Support
     - Education Counseling capacity be looked at more favorably?

3. Where are these services lacking (geographically)?

4. What programs/projects do you feel excel at serving the needs of:
   - Marginalized populations
   - Youth
1. Where in the County is there a lack of permanent supportive housing?

2. Where is there a lack of transitional housing?

3. How about senior housing?

4. How about mixed-income multi-family housing?

5. What kind of multifamily projects end up being the best price per unit/sq. ft.?
1. What types of transportation programs would provide the most reliable and efficient access across the County?

2. Which type of jobs are vital for transitioning low-moderate income individuals into stable conditions within Spokane County?

3. What aspects of childcare options are needed in the County?

4. Are there other Community Development programs not mentioned that are worth discussing? Are they considered more important than what was presented?
