

Market St. - Houston to Lincoln Project

What's Happening?

There will be a public Open House event for interested citizens to review the proposed improvements on Market St. from Houston Ave. to Lincoln Road. Market St. will receive drainage and roadway improvements. A new curb and sidewalk will be constructed on the east side along with new roadway surface.

Why an Open House?

Interested citizens can review the proposed project improvements and make comments on the project.

Where and When?

The meeting will be held on Thursday, November 12, 2015 at Arlington Elementary School, located at 6363 N. Smith Street. Interested citizens can stop by at any time from 6:00 p.m. - 8:00 p.m.

Why should I attend?

The project is scheduled to begin acquiring needed right-of-way and easements in the spring of 2016. Construction is scheduled for the 2017 construction season. The Open House will be an opportunity to review and learn more about the project. It will also be an opportunity to ask questions concerning the improvements of Market Street.
